

Research Recruiting Application Form

The general policy of Down Syndrome Victoria is to support research that has the possibility to enhance the lives of people with Down syndrome. As such, Down Syndrome Victoria is prepared to act as an agent to offer access to members but will not endorse specific projects. DSV requires Board approval of the projects that meet this criteria.

Each application must:

- Come via a university / research institute with an Australian Human Ethics Committee
- Have ethics approval from that institution
- Provide an executive summary of results to Down Syndrome Victoria
- Must complete the following application form and submit for Board approval with all material intended to be distributed to DSV members.
- Receive approval by the Down Syndrome Victoria Committee (who meet monthly)

There will be a cost attached to this application. Each request will be priced on application. As a guide a **minimum** fee of at least \$200 will be charged to each applicant.

Name:	
Address:	
Email address:	
Phone / Mobile:	
University / research institute:
