

Inclusion in Practice: An Innovative Education Conference

Monday 25th February 2019

8.30am – 3.30pm

Mantra Bell City Ballroom

215 Bell Street, Preston

Free parking available at the venue

“The day was highly practical and also inspired me to continue with what we are beginning to do in our school.”

“As a teacher new to working with a student with Down syndrome it was informative and helpful.”

This essential professional development conference is for all educators striving towards creating diverse and supportive classrooms for every student. Learn practical ways to create the foundations for genuine inclusion at your school.

Workshops will cover:

- Thoughts on social inclusion - an impossible dream?
- Profile of an inclusive classroom
- Positive behaviour support
- Practical strategies to support students within primary and secondary settings.

Attendance at this conference is accredited VIT professional development.

Hear from international keynote speaker
Professor Roy McConkey:
Emeritus Professor of
Developmental Disabilities,
Ulster University, Visiting
Professor, Universities
in Sydney, Cape Town
and Dublin.

Professor McConkey has worked in the field of intellectual disability for over 40 years and has published extensively. Awarded an OBE in 2015 for services to intellectual and developmental disabilities
